Health Rays

FROM THE

Branston
Violet
Ray

GENERATOR

Health Rays

from the

Branston Violet Ray High Frequency Generator

THE TITLE of this little book "Health Rays" is possibly the most accurate and truthful name which can be given the "Violet" Rays produced by the Branston Generator. Violet Rays merely denotes their color but "Health" Rays truthfully describes their effect on the human body.

CHAS. A. BRANSTON CO.

Introduction

Scientists have long known that the Violet Rays increased and multiplied the white corpuscles, in the blood, which fight the disease germs and protect your health. But, like electric lights, it cost many thousands of dollars to build a plant to produce them. Today electricity is simplified and you have electric power in your own home, cooking, toasting, running fans, vacuum cleaners and many other appliances. This simplified electricity has made possible The Branston Generator which produces the Violet Health Rays right in your own home. Just screw the connection into any electric light socket and it can be safely used by a child.

The Standard of the World

Wherever you go—United States—Canada—England—Africa—Australia—New Zealand—South America—China—you will find either a Branston Factory, Branch House or Agency. The sun never sets on the Branston Generator.

Many thousands of men, women and children, the world over, owe their relief from pain and suffering to the Branston Generator.

CHAS. A. BRANSTON CO.

Quality Counts

The growth of the Chas. A. Branston Co. has been phenomenal. This is due to the high reputation our products have earned. We use only the highest grade material obtainable, employ only highly trained and skillful mechanics and medical electricians. This, coupled with an up-to-date manufacturing plant and an efficient and specialized service department, is responsible for the fact that our products invariably give satisfaction and "stand up" under the most severe use. Our experimental laboratory is constantly at work testing and making new discoveries and improvements, the results of which are embodied in our manufactured products. Our own glass-blowers produce the glass electrodes in our own glass plant. If anything, in the years to come, ever needs repairing we know exactly how to do it with the least possible expense, because we made every part of it in the first place.

Guarantee

Before leaving our Factory every Branston Generator is subjected to a very thorough test by expert medical electricians who devote their whole time and thought to accurate testing.

Standing behind that test the Chas. A. Branston Co. *guarantees* every Generator to be mechanically and electrically perfect for one year from time of purchase.

The Branston Violet Ray High Frequency Generator

The Branston Generator is the latest scientific discovery for the relief of pain, the restoration of health and vigor, and the upbuilding and strengthening of the body, which for any reason is weak and ailing.

Endorsed by Leading Physicians

Doctors recognize this truth, and not only prescribe the Branston Generator for their patients but use it in their own houses and private practice. Leading sanitariums and convalescent homes are using and recommending it for their patients.

3

CHAS. A. BRANSTON CO.

No matter in what respect the body is ailing—acute disease, or merely general weakness and lack of vigor and vitality—the Branston Generator will work wonders. It acts directly on the corpuscles of the blood, increasing and multiplying them so that they can overcome the disease germs which enter the blood and cause sickness. It also massages the muscles and causes a free flow of new, rich, life-giving blood which nourishes and strengthens them, enabling them to work with youthful ease and freedom from pain. As a result, tired and aching nerves are soothed and restored to normal and the whole organisms of the body gradually regain their strength and perform their proper functions with ease and vigor.

High Frequency—What It Is

High Frequency electricity is the ordinary illuminating current transformed or nebulized, as it were, into a spray of minute particles that may be introduced into the human body without causing muscular contraction, thus eliminating pain and at the same time retaining the wonderful stimulating effects of the ordinary electric current. It is a flow of current of low amperage or volume, but of tremendous voltage or force and exceedingly high oscillation. The voltage is increased from the ordinary illuminating current of 110 volts to several hundred thousand. and the frequency to several hundred thousand per second.

Dr. Monell of New York, founder and chief instructor in the New York School of Special Electro-Therapeutics, beautifully describes it: "To comprehend the change is to grasp the explanation of the effects. We can fancy a man beneath a falling cliff, crushed by the mass and stunned to instant death. But, if by an ingenious device, the mass in falling becomes finely pulverized and drifts down upon the man in a cloud of dust, we can imagine that he will stand erect and can move in and out of the cloud harmlessly."

Saturates the Whole Body

As mists will saturate the leaves of flowers and furnish drink to thirsty soil, so this nebulous, all-penetrating, tremendously energetic but marvelously gentle High Frequency current of electricity will saturate the human tissue from head to foot and feed them with the potential vitality from which a new increase of physiological nourishment is derived.

CHAS. A. BRANSTON CO.

A Thorough Stimulant

Stimulation of Oxygenation through the use of The Branston Violet Ray will usually prove what is needed to restore health.

The Branston Violet Ray Generator is an artificial bridge over which natural forces operate until normal conditions are again established and health restored.

The remarkable success of the Branston Violet Ray has earned for it a permanent position in therapeutics as a remedial agent. The Violet Ray is repeatedly winning out after all other forms of treatment have failed.

DOCTORS PRESCRIBE "THE BRANSTON"

To such an extent has The Branston Violet Ray Generator "*made good*" in the last few years that eminent physicians and doctors are prescribing the "*Branston*" in the regular course of their practise.

Whether it be some stubborn malady or a recent acute attack, the Branston Violet Ray Generator is urgently needed. It is the doctor's best aid. It gives the far-seeing and conscientious physician an opportunity to realize his fullest ambitions.

5

CHAS. A. BRANSTON CO.

Yet it is so simple to understand and apply that every intelligent person may be benefited and protected by owning one and using it whenever needed. The Branston Violet Ray Generator speedily relieves many acute ailments and steadily builds up and overcomes the chronic.

Assists Nature

Our natural state is one of health and it is by a close adherence to natural laws that health is most easily obtained.

Modern living conditions are contrary to nature and encourage ill-health. The purpose of The Branston Violet Ray Generator is to do artificially what would be done naturally were we able to live differently. It restores the elective affinity for Oxygen to the body of the sick who have lost it.

Without the Aid of Drugs

The Branston Violet Ray High Frequency Generator treats the condition which causes the disease rather than the disease itself.

Through its action more Oxygen enters the system. Oxidation, which means the destruction and elimination of poisonous waste, is greatly stimulated and the entire system is revitalized.

Oxygen plays a large part in the benefits conferred by The Branston Violet Ray Generator.

We are organic creatures, subject to all the natural influences of the atmosphere within which we exist.

The Branston Violet Ray by working in perfect harmony with such forces is directing to our aid a more far reaching and varied energy than any other system offers.

Years of experience and observation have clearly shown that the form of treatment here offered is successful in the vast majority of cases where it is used.

The Quick Rest Tonic for the Weary

The Branston Generator is the Tonic-in-chief for active business men, the fatigues and fidgets of desk workers, and the strain of great responsibilities. Its use is not restricted to the hospital or sick room because electricity is now proven to be the greatest "preventive medicine" in the world. It should be used for the refreshing effect it gives to legal and other professional experts, for lecturers, writers, editors and teachers, for stock brokers and their clients, for devotees of society, music and drama, and for brain workers

6

CHAS. A. BRANSTON CO.

and brain fag. It is the prime tonic after dinner, the swift substitution of a clear head for the dullness of clogged brain cells.

A professional man recently remarked: "As a result of using The Branston Violet Ray Generator I enjoy throwing out my chest, expanding my lungs and taking a deep breath. I feel buoyant, exhilarated and like running and jumping."

A doctor reports the remark of a patient after treatment: "I feel now as if I had just had a nap, taken a bath, and put on a new suit of clothes," and here we have the key note to the tonic action of the Violet Ray and its power to neutralize fatigue.

Physiological Action of High Frequency Currents

By Dr. Noble M. Eberhart, Head of the Department of Physiologic Therapeutics, Chicago

There is no painful sensation produced by the vacuum tube when held firmly in the hand, thus establishing complete electrical contact. Ordinarily there is a sensation of heat and in some instances perceptible vibration. Removing the tube produces a spark which increases in sharpness as the tube is drawn away, up to the full length spark it is capable of emitting.

Summary of Vacuum Tube Effects

1. Increase blood supply to a given area.
2. Increase oxidation and local nutrition.
3. Increase oxygen in the blood.
4. Increase intake of oxygen.
5. Increase output of carbon dioxide.
6. Increase secretions.
7. Increase elimination of waste products.
8. Injection of ozone into lungs and tissues.
9. Increase bodily heat, without corresponding rise in temperature.
10. Locally germicidal.
11. Mild and medium sparks stimulate or soothe, according to length and character of application.
12. Strong sparks are caustic.
13. Sparks to spine increase arterial tension.

These effects of vacuum tube applications, while essentially local, are not absolutely so. The current traverses the body in all directions from the point of entry, but is, of course, most intense and pronounced at the latter point.

7

CHAS. A. BRANSTON CO.

We recommend the Branston Violet Ray Generator in the treatment of the following diseases:

Abscesses	Influenza
Asthma	Insomnia
Arteriosclerosis	Lameness
Baldness	Locomotor Ataxia
Blackheads	Lumbago
Brain Fag	Nervous Affections
Bronchitis	Neuralgia
Bunions	Neurasthenia
Bruises	Neuritis
Catarrh	Obesity
Colds	Pain in Abdomen or Chest
Circulatory Disorders	Paralysis
Constipation	Piles
Dandruff	Pimples
Deafness and Ear Noises	Post Fracture Conditions
Eczema	Pyorrhea
Enlarged Prostate	Rheumatism
Eye Trouble	Scars
Facial Neuralgia	Sciatica
Facial Paralysis	Skin Diseases
Falling Hair	Sore Throat and Throat Diseases
Female Complaints	Sprains
Goitre	Stiff Joints or Neck
Gout	Toothache
Headaches	Weak Eyes
Hemorrhoids	Wrinkles
Hay Fever	Warts and Moles
Infantile Paralysis	
Indigestion	

and many other diseases.

Home Treatment

A little consideration will enable you to realize the value of "home" treatment. Did you ever know a doctor to write a prescription with the directions: "Take two or three times a week?"—No!—The directions generally read "Take two or three times a day, either before or after meals." Then why should the "electrical" medicine be only taken at the doctor's office, two or three times a week, when to really get the full benefit and cure it is necessary to take it two or three times a day?—Just simply because of the expense, and often the inability of the patient to visit the doctor's office more often. "Home treatment" means no extra expense, no matter how often you take the treatment, and because the disease has no time to gain ground, between treatments, your complaint is speedily relieved by "Home treatment" with The Branston Generator. Foremost physicians recognize the wonderful value of the "Home treatment" by The Branston Generator.

8

CHAS. A. BRANSTON CO.

Absolutely Harmless

The Branston Generator is harmless to the most delicate invalid or child. It is so constructed that it can be used by anyone without fear of injury. It is impossible to get a shock and there can be no harmful results. Every member of the family will find it invaluable for some of the minor ailments from which many suffer from time to time. Most people buy The Branston Generator for one particular disease, but after relieving that they find it so useful for other ailments they would not part with it for anything.

Pain Relieved

No matter whether you have a splitting headache, an excruciating case of sciatica, swollen and throbbing inflammatory rheumatism, neuralgia almost severe enough to drive you wild, the burnings of indigestion, or the dull dread dragging of a lame back, The Branston Generator should be used.

Pain is relieved in a natural way, by encouraging and aiding Nature. Pain is relieved by soothing the nerves and sending them a fresh supply of healthy blood, not by loading the system with drugs which deaden the pain for a time but do not remove the cause.

If you are suffering, give The Branston Generator a chance. You will be astonished at the result. Yet it is not magic. It is not unnatural. It is merely the application of a scientific discovery which aids and stimulates nature instead of opposing and working against her. One short treatment will give you relief from pain such as drugs can never do.

You apply The Branston Generator to the spot where the pain is raging, and in a short time you get relief, and feel the wonderful, vitalizing, invigorating influence of this marvelous invention.

If you are suffering pain you are not fair to yourself if you do not find out what The Branston Generator can do for you.

Arteriosclerosis

Arteriosclerosis (high blood pressure) is another dread disease which hundreds of men and women, slightly up in years, are suffering with.

9

CHAS. A. BRANSTON CO.

Nothing is worse than to know that the heart is fast wearing itself out trying to force the blood through the hardening arteries. The Branston Generator brings the blood pressure back to normal in a remarkably short time. This has been proven by sphygmomanometer tests taken before and after treatment in numerous reported cases. For permanent results Dr. Eberhart recommends a course of about fifty treatments.

Backache

Backache is quickly relieved by The Branston Generator. It may be the piercing pain of lumbago, or the dull, dragging ache of displaced internal organs, or the muscles sore from much stooping or heavy lifting—anything may have brought it on, but The Branston Generator will help it.

Circulation

The Branston Generator will relieve poor circulation, cold hands and feet, quicker and more naturally than any other known agency. And the stomach is not overloaded with drugs, the heart is not endangered by stimulants, and there are no bad after-effects. It is through a natural process.

Brisk treatment of the surface of the whole body will send the rich, warm, red blood surging through every organ, taking away the chilliness, and leaving a warmth and glow of health. Hands and feet thrill and tingle under the treatment, and are quickly made pink with the warmth of health instead of pale and clammy with cold and lack of vigor.

It is the free-flowing circulation of the blood that builds the body of an athlete strong and healthy. The Branston Generator stimulates the circulation of the blood, the same as exercise, passively exercising all the muscles without fatigue or loss of energy.

A weak, thin arm or leg is the proof of poor circulation. If you should exercise this weak arm or leg day after day, it would get strong and healthy. The Branston Generator will do this more quickly and easily than exercise without the loss of energy or subsequent fatigue.

Constipation

Constipation has been called the Mother of Diseases. Certainly it is the direct cause of more ills than most people suspect. Nervousness, headache, backache, pimples on the face, lassitude, and a host of other ailments can often be traced directly to constipation.

CHAS. A. BRANSTON CO.

If constipation is a life-long habit a cure may take some time, but you will notice results very quickly when you begin to use The Branston Generator.

Treatment of the abdomen with the electrode stimulates the bowels to do their work, and there is no drugging, no violent straining, no unnatural process whatever. Nature is gently urged to do her work, and she responds, as she always does respond, to scientific stimulation. The Sinusoidal current is especially beneficial in conjunction with the Violet Ray High Frequency Treatments.

Deafness

Deafness requires careful treatment and much patience. Treatments must be short and given several times a day to show the best results. The only right way is to have a Branston Generator in the home, where it can be used whenever required.

The Branston Generator often relieves the roaring, ringing noise in the ears in a single treatment, and shows wonderful results in restoring the hearing.

Eczema and Skin Diseases

Nothing is more disheartening or discouraging than to have the hands and face covered with repulsive looking skin diseases. Ointments and salves do nothing more than sooth, but do not prevent the disease from spreading. With the application of The Branston Generator the disease disappears after a remarkably few treatments and leaves the skin healthy and free from all traces of these dread diseases.

The ozone produced by the Violet Rays, being a powerful germicide, kills the germs and leaves the sore in a healthy condition which is readily healed by the flow of new, rich blood to the affected parts.

Eyesight Improved

All eye trouble may be divided into two classes—those which are caused by improper circulation throughout the eye structure, and those which result from a change in the shape of the eyeball.

How High Frequency Benefits

The Branston Violet Ray High Frequency Generator benefits by correcting the very conditions which cause the trouble. Simply apply the eye electrode, which fits over the entire eye, or both eyes, as you desire, and turn on the current. The

CHAS. A. BRANSTON CO.

sensation is so delightful and restful that you will enjoy every minute of each treatment. No part of the instrument ever touches the eye itself. You can control the strength of the current perfectly to suit your own comfort.

The perfect, normal circulation is restored throughout every portion of the eye. The waste products, which the stagnant blood has left in the eye structure, are removed in a natural way.

Many are benefited after the very first treatment. eyes are rested, sight is clearer. If you are now wearing glasses, you may have to continue wearing them for a while after commencing the High Frequency treatment. But if you persist in the treatment faithfully, sooner or later you may be able to discard them altogether.

See Eberhart's Manual, pages 139 to 142.

Goitre

In Goitre, excellent results have been recorded. The High Frequency Current eliminates and absorbs unnecessary or waste tissues.

A physician in Aylmer, Que., has notified us that within the last year he has cured at least 25 cases of Goitre by the use of High Frequency alone.

Complete directions for this treatment are given in our book of directions which is included with each generator.

Headaches

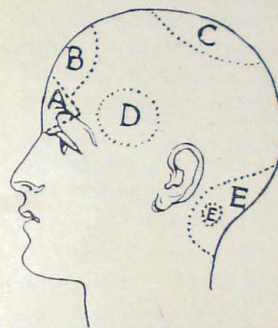

Headaches are largely the result of a disordered digestive or nervous system. Treatments with The

CHAS. A. BRANSTON CO.

Branston Violet Ray Generator will give speedy relief. The Violet Ray stimulates the circulation, enables the blood to throw off the poisons which are at the root of the disturbance, and improves the general physical condition, so that the headache is automatically relieved. Even a few minutes' treatment will generally stop a nervous headache.

Where Headaches Occur

Headaches at A and B are congested or frontal. Errors in refraction; frontal sinus disease or nasal diseases cause pain at A. Stomach disease, frequently A. Constipation; decay of front teeth, A.B. Anemia; endometritis; bladder diseases, C. Diseases of the middle ear; throat diseases; eye diseases; decayed teeth, DE. Womb disease; spinal irritation; nervousness. E. Neurasthenic headaches involve the back of the neck. Complete instructions for treatment with the surface electrode are given in our book of directions.

Hemorrhoids

Speedy relief follows the use of The Branston Generator for Piles and Hemorrhoids. Treatments are absolutely painless, and may be taken right in the privacy of your own room.

Indigestion

Everybody knows the pangs of indigestion—the burning, aching, scalding pain we call heartburn. Sometimes the food ferments in the stomach or intestines. Sometimes it just lies there like lead. When the stomach is very weak it often rejects the whole meal. The pain and discomfort are relieved, a glow of warmth is given to the body, the flow of gastric juice is promoted, and the natural action of the stomach and bowels is stimulated and assisted by The Branston Violet Ray High Frequency Current.

The use of the Sinusoidal Current as given by Models No. 27 and No. 29 will be found to be of great assistance if used in conjunction with the Violet Rays.

CHAS. A. BRANSTON CO.

cases of Goutre by the use of High Frequency at least 25 alone.

Complete directions for this treatment are given in our book of directions which is included with each generator.

Headaches

Headaches are largely the result of a disordered digestive or nervous system. Treatments with The

12

CHAS. A. BRANSTON CO.

Lumbago

This is a disease that grips you in the small of the back. It is really rheumatism of the muscles of the back. No matter what it is called, it spells misery; and no matter how painful, The Branston Generator will relieve it in a short time, and the pain will disappear as it never has to drugs, salves or liniments.

Nervous Diseases

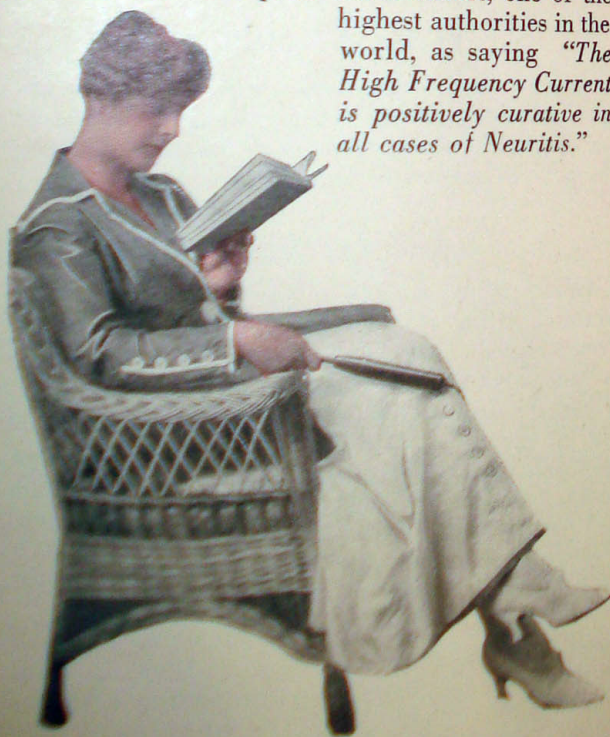

Insomnia—Brain Fag—Nervous Exhaustion

Women especially are the victims of nervousness, though men sometimes suffer as well. Nothing is more tantalizing than to be forced to lie in bed, hour after hour, when the mind and body are utterly worn out and in need of sleep, and yet sleep will not come. Morning finds the sufferer as tired as at bed time, and another day of work ahead.

Spinal Cord and Nerves.—The Branston Generator acts directly on the nerves, soothing them and causing a desire for sleep, and a restful feeling in the whole body.

Neuritis

Neuritis is an inflamed condition of a nerve, the pain being similar to rheumatism. Any nerve may be involved. We quote Dr. Eberhart, one of the highest authorities in the world, as saying "*The High Frequency Current is positively curative in all cases of Neuritis.*"

CHAS. A. BRANSTON CO.

Paralysis

Paralysis is not a disease, but merely a symptom of certain forms of injury which causes the partial or complete loss of motor function of the muscle fibre. Electricity is the most efficient method of treating this disease. Good results may be produced by a very few treatments, while more obstinate cases may require several months.

The paralysis of infants resulting from sickness or accident is nearly always relieved by a little persistence. The youngest and tenderest infant can be treated without pain or disturbance. The Sinusoidal Current is of great benefit in this disease if used in conjunction with the Violet Ray High Frequency Current as given by Combination Models 27 and 29.

Pyorrhea

Scientists were completely baffled as to a cure for this most terrible of all oral diseases until the discovery of the Violet Ray. As we all know the symptoms of pyorrhea are the gums turning a purple unhealthy color and receding. Gradually pus forms and the tooth becomes loose and drops out. Application with the Branston Generator builds up the circulation, brings the gums back to a pink, healthy color, and in a very few treatments the teeth will tighten. Remarkable cures have been reported to us where The Branston Violet Ray High Frequency Generator was used in extremely severe cases.

Rheumatism

Rheumatism of whatever kind is instantly relieved by The Branston Generator. This may sound unreasonable to the man who has suffered the tortures of sciatica or the agonies of inflammatory rheumatism, but it is true. Many a sufferer, after a single free treatment of The Branston Generator has walked out and forgotten the cane with which he had hobbled into the store. Many a one has had restored to him in ten minutes the use of a joint which had long been stiff from rheumatism. A thorough treatment has never been known not to give relief, and in many instances every trace of disease has disappeared with continual treatments.

CHAS. A. BRANSTON CO.

Sore Throat and Chest

Bronchitis, Asthma, Pleurisy, Cold in the Lungs, Tonsillitis, Catarrh, Pharyngitis, etc.

Pain, discomfort and coughing, due to weakness of the chest and lungs, yield readily to The Branston Generator. More and more this scientific method of treating disease is used in hospitals and sanitariums in the cure of chest disorders.

Bronchitis, asthma, pleurisy, cold in the lungs—any affection of the chest should be treated at once with The Branston Generator.

Tonsillitis, Pharyngitis, or any other variety of sore throat is easily and quickly relieved with The Branston Generator. The electrode can be placed directly over the affected part, and relief is given almost at once. The Ozone in Models 25 and 29 should be used in conjunction with the Violet Ray High Frequency Current to obtain the best results.

Sprains and Bruises

By applying The Branston Generator directly over the pain or bruise the pain and swelling is soon relieved. In cases of emergency The Branston Generator has proven its worth thousands of times.

Tired and Aching Feet

Tired and aching feet can take the joy out of life quicker than most ailments. Women especially, when they have to stand much of the time, develop a painful tenderness of the feet which drives them almost frantic.

There is sure relief in The Branston Generator. With the surface electrode, treat the entire foot and leg.

Tooth Ache

Who has not suffered the agonies of toothache, which causes many a sleepless night and day of torture. The application of the Surface Electrode over the affected part will relieve the pain almost instantly and cause the swelling to disappear.

Warts and Moles

In two or three treatments warts and moles are removed from the body by the use of a special electrode with The Branston Generator. No longer need you have that feeling of discomfort when in the presence of others by the fact that the face or hands are covered with ugly moles or warts. The Branston Generator removes and leaves no scar.

16

CHAS. A. BRANSTON CO.

Local Auto-Condensation

The "Plate Glass" Method

Various methods have been devised for applying Auto-condensation locally over small areas. A very successful way known as the "Plate Glass" method consists in using the No. 2 metal handle and applying the sparks through thick plate glass held in contact with the patient's body. The glass is the di-electric, the metal handle corresponds to one plate of a condensor and the surface of the body next to the glass the other. This treatment will be found very effective for lowering high blood pressure.

A Beauty Parlor in Your Own Home

Wrinkles, crow's feet, pouches under the eyes, lines from nostrils to the outer corners of the mouth, hollow cheeks, sagging lines of face and chin—all yield readily to The Branston Generator.

They are the result of Nature getting tired and slighting her work, and the stimulation of The Branston Generator moves Nature to do her work properly. That's the secret. When face, chin and neck are treated with the electrode—new rich, red blood is brought to the surface, the soft muscles are gently massaged and rubbed, the lines fill out and the wrinkles disappear, and soon there is a bloom of health in the face which looked old and worn.

The Branston Generator is the very latest scientific method of stimulating a good, healthy circulation of the blood through your entire body, giving new life, strength and vigor.

17

CHAS. A. BRANSTON CO.

Ozone

As given by our Combination Models 25 and 29.

OZONE—"Ozone increases the oxygenation of the blood and tissues, increasing oxyhemoglobin (red blood corpuscles charged with oxygen) and also increasing the number of red blood corpuscles. Germs are destroyed by it, and it has been shown capable of so thoroughly disinfecting sewage that the filtered water was pronounced suitable for drinking purposes.

There are some diseases in which it is of particular benefit. Among these are anemia, all diseases of the respiratory organs, including tuberculosis, infectious diseases, and all conditions where there is imperfect oxidation and impaired nutrition.

Ozone exists in country districts more than in towns, and is a very intense germicide. The oxidizing effect of the ozone acts on the germs and bacteria in such a way as to destroy them.

Ozone is decidedly the most important element in tissue building. The function of breathing is the most intensely vital and important of all bodily functions. It constitutes the sole means for the entire system's oxygen supply. Ozone inhalations are therefore of universal benefit.

They are exceptionally curative in diseases of respiratory organs, in toxic and bacterial disease, in nervous disorders, hay fever, asthma, anemia and catarrh.

18

CHAS. A. BRANSTON CO.

Men Should be Interested

It gives a man poise and self-confidence to have a fresh, healthy appearance, and well-groomed head of hair. To look really "clean cut" greatly aids him in business as well as in social affairs.

For Neuralgia

A man with a fallow, muddy complexion, though he be clean-shaven, does not make as agreeable an impression as the man with a healthy, ruddy complexion. A bald head has never added to the appearance or dignity of any man. It is a thoroughly established fact that there is no reason why any man

should become bald, or have a fallow, pimply, muddy skin. A few moments use of The Branston Generator after shaving will remove all soreness of the skin. It produces an agreeable, refreshing feeling, and leaves the skin perfectly smooth and radiating with the color of perfect health.

Weak Men Quickly Benefited

The Branston Generator aids in supplying new life to the tired run-down system. Weak men are quickly benefited through Violet Ray treatments. Do not spend hundreds of dollars for poisonous drugs any longer when you can get the benefit of these natural powers at such a small cost.

Prostatic Troubles

The results following the High Frequency treatments of all forms of prostatic diseases are extraordinary. Prominent doctors report 90 per cent. cures in all cases, with no case in which perceptible improvement was not present. (See Eberhart's Manual.)

Loss of Vigor

Nothing will put the fire of life into you as will The Branston Generator, no matter how weak, worn down, "all in" you may feel. Not only does the first treatment take away the "tired feeling" and soothe the weary nerves, but it stimulates and refreshes the spring of life itself. A single treatment will make you feel like a new person.

19

CHAS. A. BRANSTON CO.

oxidizing effect of the ozone acts on the germs and bacteria in such a way as to destroy them.

Ozone is decidedly the most important element in tissue building. The function of breathing is the most intensely vital and important of all bodily functions. It constitutes the sole means for the entire system's oxygen supply. Ozone inhalations are therefore of universal benefit.

They are exceptionally curative in diseases of respiratory organs, in toxic and bacterial disease, in nervous disorders, hay fever, asthma, anemia and catarrh.

The Sinusoidal Current

*As given by our Combination Models 27 and 29
Is of Extreme Value when used in Conjunction
With the Violet Ray High Frequency Current.*

WHAT IT IS. It is a most scientific current of remarkable healing properties, most soothing in its application to the most delicate child or to the most robust man. It consists of a series of electric waves rising and falling gently in such a manner as to produce a perfect massage of the tissues through the gentle contraction and relaxation of muscle and nerve tissue.

The use of this current in the treatment of many diseases, especially of muscular and nervous origin has proved so effective that leading physicians all over the world have become intensely interested in the subject. Dr. J. H. Kellogg, a noted authority on electricity, wrote largely of the many benefits to be derived from the Sinusoidal Current. Dr. Albert Abrams of San Francisco, wrote several books in which he called special attention to the curative effects of this form of electricity in many cases which had hitherto been considered incurable.

WHAT IT DOES. One of the most remarkable properties of the Sinusoidal Current is in increasing the tone of the various organs, such as the heart, lungs, liver, stomach, intestines, bowels, etc., which are not easily reached by other means of treatment. The current can be directed into the organs named by applying the current along the spine to the nerve outlets from these organs. Many conditions of ill-health are due to the lack of tone of the heart; some to the weakness of the kidneys or liver. By applying the proper stimulus to the organ affected, the general health can be built up.

WHY IT IS APPLIED TO THE SPINE. Everyone knows and realizes that nearly every nerve in the body originates in the spinal cord, passing out between the vertebrae, having some function to perform upon the organs. Each nerve has its opponent nerve and when each pair of nerves are in perfect equilibrium perfect health is the result.

CHAS. A. BRANSTON CO.

Realizing that all sensations are reflexed or transmitted to the end of the nerve; for example, the ulna, commonly known as the crazy bone on the elbow, being touched, sensation is immediately felt at the end of the fingers; so with every nerve originating in the spinal cord. Knowing this to be true, then by the use of the Sinusoidal Current applied at the root of any of these nerves, it is immediately reflexed to the organ supplied by that nerve, such as the heart, lungs, kidneys, bowels and pelvic organs. When any one of these organs has lost tone, the stimulus applied by means of Sinusoidal electricity at the suitable spinal region will be reflexed to the organ, restoring its normal equilibrium.

Complete information, treatment charts and instructions furnished with each outfit.

What Satisfied Users Say

These are unsolicited, and taken from letters received in the course of general correspondence.

The Doctor is Satisfied

Since I have more thoroughly tried it out I am finding it a very useful adjunct. I find it very useful in cases where there is local inflammation. Sincerely,
Dr.

Cured Rheumatism of 14 Years Standing

I bought one of your Violet Ray Generators for Rheumatism; it certainly has done me a lot of good as I have been troubled with it for 14 years or more and am now practically cured.

His Alopecia Cured in a Few Weeks

I am deriving a wonderful cure for Alopecia with your Generator. I can see a change every week. I think that in the course of a few weeks I shall be completely cured.

The Ideal Treatment for Pyorrhea and Neuritis.

I have almost cured myself of a very advanced case of Pyorrhea, having lost five teeth before treatment. Now an occasional treatment will keep the disease in check. I am also treating myself for Neuritis. It helps very much.

Another Doctor Would Not Do Without It

I have found The Branston H. F. Generator a great help to me in many cases and would not do without it.
.....M.D.

21

CHAS. A. BRANSTON CO.

A Few Treatments Gave Relief

I received the Generator O. K. and am well satisfied with it for it is giving me help with only a few treatments.

Money Would Not Buy This Generator

We would not like to be without it for any money if another could not be secured.

Another Case of Pyorrhea

I have found your High Frequency Generator of great assistance in Pyorrhea, due possibly to increased circulation and Ozone.

Sure Cure for Insomnia

I likewise must tell you I have great faith in the Violet Rays. I was a very sick man and I consider Violet Rays assisted me to such an extent that I was only confined to the house some ten days. Previous to my sickness I was troubled very much with Insomnia and since using Violet Ray I have been able to sleep soundly every night. My mother has been ill with Bronchial trouble and I am using it on her and it seems to benefit her very much.

A Doctor is Benefited

I may say that my Neuritis in the lower end of the spine with which I have been ill for nine months has been very much improved through the use of your Violet Ray Generator. I feel very grateful to you for having placed it within my reach so that I was enabled to feel the beneficial effects of your Generator.

.....M.D.

Partial Report From a Military Convalescent Home

"1800 massage treatments have been given, time varying from twenty to ninety minutes. Splendid results were obtained through the use of 'The Branston Violet Ray Generator' among the returned soldiers."

Signed,.....Lady Supt.

Musicians Should Use It.

My idea of which I wrote in my last—of an increased usefulness in the Generator as regarding its use as an aid to pianists. I find it almost invaluable in that alone, and always use it before playing to limber the fingers and render the touch more "facile." Under conditions of inadequate practice it is well nigh priceless to a pianist.

Improves Weak Eyes

I have been using the Violet Rays two months. I am glad to say that my eyesight has been so strengthened that I can dispense with my glasses in a good many things that I had to use them for.

Praise From Ontario's Mining Centre

I sent for one of your Generators and it has helped me a great deal and I am now free from pain. Please send me a bottle of your High Frequency Lubricant.

22

CHAS. A. BRANSTON CO.

Helped All The Family

Your Violet Ray has made a new man of me and in fact all of the family use it and have been benefited. I am telling my friends about it.

Helped His Wife After a Few Treatments

The application of the Generator has benefited my wife very much. It has removed the trouble or congestion in the throat and the cough is much more easier. Not so much effort is required to bring up the matter. The Neuritis is not so acute and I think it is doing her good generally. The action of her bowels has also improved.

Martyr to Rheumatism For 18 Years—Can Now Walk Miles

DEAR SIR:—Nearly two years ago I purchased a Branston Violet Ray Generator for my father, who had been a martyr to rheumatism for eighteen years. He was crippled, and suffered agonies, and had been told by the doctors that as he was over seventy-five years of age, they could not cure him. After using one of your Generators for about five months, he could walk miles and was completely cured. We have found the Generator invaluable in the home for other sickness and would not part with it for anything.

Yours truly,

Says Violet Ray is Only Way and Has No Competitors

GENTLEMEN—Your No. 7 machine reached the writer promptly and in ideal time, as the old "rheu." had made its usual and all too frequent visits, so the machine was put to immediate use, and to be candid, the result was startling and the relief almost immediate, so you may well imagine my astonishment as old methods generally require a week or ten days. Therefore, you may place my name among your list of advocates on the Violet Ray way, which is the only way, and has no competitors. Many thanks.

Yours very truly,

Cured Neuritis at Age of 84

DEAR SIR:—I wish to write to thank you for the wonderful relief I have received from the use of your Generator. For the last few years I have been almost unable to bend my knees, because of the pain from Neuritis. I am thankful to be able to state that I rarely have the slightest pain now, and when I have, I find that a few minutes' use of your Generator chases it away like magic. Considering that I am over eighty-four years of age, I have much to be thankful for. I wish others to know what your Generator can do, and shall be pleased to tell anyone about it. Yours truly,

Strengthened Eyesight—Cured Pyorrhea

DEAR SIR:—Your Generator has been of untold value in strengthening my eyesight, and removing the inflamed condition. It has also cured rheumatism of over ten years standing, in my arm. The Branston Generator is always in use in my home, and has recently cured a bad case of Pyorrhea. We never lose any chance of telling our friends how much we owe the Branston Generator. Yours truly,

Telephone Model No. 9

This is a small compact machine made

Model No. 7

Operates on Electric Lighting Current

This Generator is giving satisfaction in thousands of homes at the present time, and is made specially strong for all treatment work. It can be regulated to give the mildest current or the strongest current required for any treatment.

It gives a current of exceedingly high oscillation. The coils are specially wound and impregnated in a special vacuum process which makes them practically indestructible. The electrode handle is insulated so there is no danger of receiving shocks through the cords or handles.

Size of the case is 12 x 9 x 6½ inches. The metal parts are all heavily nickel plated. It is lined with velvet and is covered with Seal Grain Keratol leather. Space is provided in this outfit for the cords, handles and all necessary electrodes. Price, complete, including connecting cords, handle, one No. 1 Surface Electrode, one No. 2 Metal Electrode, and one No. 4 Comb Electrode\$

This Generator is wound to operate off either direct or alternating current, 100 to 120 volts. For 32 volts or 220 volts, add \$3.50.

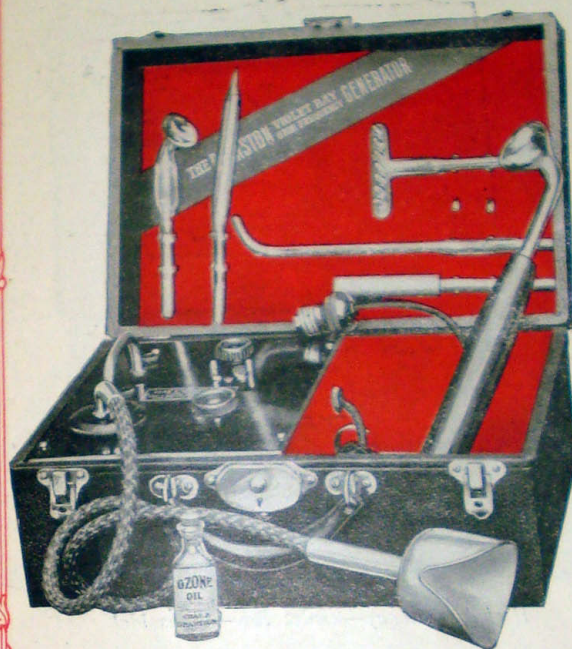

(SEE LATEST PRICE LIST ON INSIDE COVER)

28

CHAS. A. BRANSTON CO.

Combination Model No. 25

Ozone and Violet Ray

This is our latest improved model combining our very best Violet Ray High Frequency Generator, and our special Ozone Transformer. The High Frequency coils are wound to produce a current of exceedingly high oscillation with a smooth, even spark effluve, that is pleasant, but effective. Sufficient heat is generated to produce hyperemia, nevertheless it is controlled so as to render the current absolutely safe. The Ozone attachment is provided with a glass reservoir for the solution of Ozone Oil which filters the Ozone, and at the same time eliminates the irritating gasses manifest in the so-called Ozone Generators. The quantity of Ozone can be regulated to suit the patient. An inhaler covering the nose and mouth is provided with each instrument, with sufficient tubing for the patient to be seated comfortably while having treatment.

There is a switch placed on the top of the Generator which can be instantly changed to turn on either the Violet Ray or Ozone.

The Generator is mounted in Seal Grain Keratol leather covered carrying case with nickel plated trimmings. This Generator has a very attractive appearance, as well as being a serviceable instrument.

This Generator is complete with cords, Ozone Inhaler, bottle of Ozone Oil, one No. 1 Surface Electrode, one No. 2 Metal Electrode, one No. 4 Comb Electrode, one No. 15 Rectal Electrode, one No. 22 Eye Electrode, one No. 7 Internal Throat Electrode. Price, complete, with full instructions\$

This Generator is wound to operate off either direct or alternating current, 100 to 120 volts. For 32 volts or 220 volts, add \$3.50.

Combination Model No. 27

High Frequency—Violet Ray—Sinusoidal

This outfit combines both High Frequency and Sinusoidal currents, and is an ideal outfit for professional or home treatment.

The High Frequency coils are wound to produce a current of exceedingly high oscillation. The Sinusoidal controller can be regulated to give any strength of current required. The Sinusoidal Current is indicated in the following:

1. Disease of the stomach.
2. Neuralgia.
3. Muscular Rheumatism.
4. Prostatic Diseases.
5. Diseases of Intestines and Abdomen.
6. Kidney and Bladder Troubles, etc.

This combination outfit is mounted in Seal Grain Keratol leather covered carrying case, lined with velvet. The size of case, 14 x 10 x 7 inches, and the fittings are all heavily nickel plated.

Included in this outfit are connecting cords, one No. 1 Surface Electrode, one No. 7 Throat Electrode, one No. 9 Nasal and Ear Electrode, one No. 12 Vaginal Electrode, one No. 15 Rectal Electrode, one No. 18 Urethral Electrode, two Sponge Electrodes No. 101, two Metal Handles No. 106, one Massage Roller No. 127, one Electric Brush No. 121, Sinusoidal Chart, and complete directions for both Sinusoidal and High Frequency treatments. Price, complete as above\$

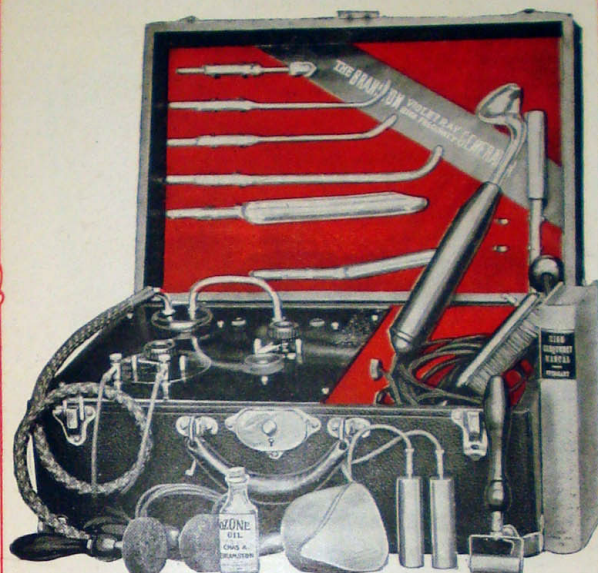

This Generator is wound to operate off alternating current only, 100 to 120 volts.

(SEE LATEST PRICE LIST ON INSIDE COVER)

CHAS. A. BRANSTON CO.

Combination Model No. 29

High Frequency—Sinusoidal and Ozone

This outfit combines High Frequency, Ozone and Sinusoidal Currents. Each instrument is the very best we manufacture, and is an ideal outfit for the physician's office. It is, however, admirably adapted for home use for those who desire the very best. A switch placed on top of the Generator can be instantly changed to turn on either the Violet Ray, Ozone or Sinusoidal Currents. Each one can be regulated individually to any degree of strength desired.

The Generator is mounted in a Seal Grain Keratol leather covered carrying case, lined with velvet. Size, 16 x 11 x 8 inches. The machine is mounted on a polished mahogany top and is easily kept clean. The heavily nickel plated fittings give it a handsome appearance.

The High Frequency coils are wound to give a current of exceedingly high oscillation. The Ozone transformer is provided with a glass reservoir for a solution of Ozone Oil which filters the Ozone. The quantity of Ozone can be regulated to suit the patient. An inhaler covering nose and mouth is provided with each instrument, with sufficient tubing for the patient to be seated comfortably while having the treatment.

The equipment consists of one No. 1 Surface Electrode, one No. 2 Metal, one No. 7 Throat, one No. 9 Nasal and Ear, one No. 12 Vaginal, one No. 15 Rectal, one No. 18 Urethral, one No. 21 Fulguration, two Sponge Electrodes No. 101, Electric Brush No. 121, two Metal Handles No. 106, Massage Roller No. 127, Sinusoidal Cords, mask and tube for Ozone treatment, bottle of Ozone Oil, and complete directions for both Sinusoidal, Ozone and High Frequency treatments.

Price, complete as above\$

This Generator is wound to operate off alternating current only, 100 to 120 volts.

Battery Model No. 12

For Use Where no Electric Current is Available.

CHAS. A. BRANSTON Co., Toronto:

DEAR SIR:—My mother has asked me to advise you that the Generator reached her in perfect condition, and she is highly delighted with it, and finds it equally as strong as the Generator operating off the lighting mains which she uses when in the city. Thanking you for your careful attention to this order. Yours truly,

(Signed) P. M. B.

(Original on file in our office.)

The above letter shows what complete satisfaction this outfit will give. It is equally as strong to our Model 7 outfit which operates off the electric lighting mains. There is no excuse for anyone to be without a Violet Ray instrument in their home if they have no electric light.

This model is operated on twelve dry cell batteries which can be replaced by anyone in a few minutes. With ordinary care one set of batteries should last for several months. The Generator is mounted in a handsome Keratol leather covered carrying case, with a compartment provided for the batteries. Space is also provided for the cords and electrodes.

This is the only reliable battery outfit on the market. Price, complete with one No. 1 Surface Electrode, ready for use\$
